To Whom It May Concern:

This letter is concerning the services of Ken Freeman. Mr. Freeman recently visited Elmore County High School and delivered a very moving testimony. I have been in education for 19 years and understand the challenge of catching the attention of teenagers. Without a doubt, Mr. Freeman not only captured the attention of 550 students in grades 9-12, but he made them think which is possibly a larger challenge.

I have heard nothing but rave reviews from our students, faculty, and visitors who were on campus that afternoon. In addition, I would highly recommend Mr. Freeman and his presentation for other high schools.

Sincerely,

Wes Rogers
