To Whom It May Concern:

Simply stated, Ken Freeman is an awesome inspirational speaker! My name is James Gibson, I am the Principal at Mount Pleasant High School in Mount Pleasant, Texas. Mr. Freeman spoke to our student body today; approximately 1500 students, and I have not seen them that engaged with any other speaker from past assemblies.

Our freshman counselor heard Mr. Freeman speak at a summer camp, and he highly recommended that all our students could benefit from hearing Ken speak. Mr. Burns, our counselor was absolutely correct. Ken held the audience's attention with his passion and great sense of humor. One can tell that he truly loves what he is doing and believes 100% in his message. Our students laughed, learned, and appreciated listening to someone that speaks from the heart and has been through things in life that some of them may be facing. All students can relate to Ken's message about the importance of choices in everyday life.

Mr. Freeman was on time and worked around our schedule. He finished his presentation within the amount of time allotted and carried himself as a professional. He is welcome back on our campus any time. Both adults and students benefited from hearing Ken Freeman.

Sincerely,

James Gibson

Principal

Mount Pleasant High School
