To Whom It May Concern:

I want to write this letter to let people know that Ken Freeman is one of the best motivational speakers for teenagers that I have ever heard. His story is so powerful and he relates so well with students. I heard him for the first time more than 16 years ago at a weekend retreat for teenagers. Since that time, it has been numerous times throughout my life and career that I have had the opportunity to hear him speak. Having been with students in a public school setting for so many years, I realize there are more students who can relate to his story on a more personal level than I ever thought. Students need to hear about making the right choices even if they are at their lowest and think they can't get out of that lifestyle. I would have Ken Freeman speak to my students again if given the opportunity.

Sincerely,

Jon Purifoy
