To Whom It May Concern:

Ken Freeman spoke to around 600 students in our district yesterday concerning choices and the effects that they have on our lives. Ken's approach was open, honest, and to the point. He raptly held the attention of our 6-12 graders during his presentation. When speaking to several students and staff afterwards, all enjoyed Ken's message and thought that it was a great presentation. If you want your students to understand the impact of the choices they make, Ken is most definitely a presenter to consider.

Sincerely,

James Dunlap
Principal
