Dear Ken Freeman,

On behalf of the student body and faculty at North Henderson High School, I would like to thank you immensely for taking the time to come and speak at our school. Both students and faculty were greatly impacted by your message.

Normally when a guest speaker comes to North, some students are impressed while others are apathetic. However, the excitement and spirit that you brought was special. We have never had the entire student body on one side of the gym, and many people thought this would be a disaster. However, the enthusiasm you brought captivated 1000 students for an hour and you had them in the palm of your hand.

I can not describe to you the impact that your message has had on numerous students. Still to this day, I hear kids asking their friends if they are making the right choices with their life and repeating the theme of your message. Teachers have even begun to use some of your questions about choices in their classes. Your passion for students is greatly appreciated.

Sincerely,
