To Whom It May Concern:

We hosted Ken Freeman at Greenwood High School today. He did an excellent job of telling our kids how their choices affect their future. His message was very appropriate for the public school setting.

It was a message equally as important as the things we teach in our daily classes. I hope the kids got as much out of Mr. Freeman's presentation as I did.

We would enjoy having Mr. Freeman speak again in the future.

E. Ariel Elliott
Principal
