To whom it may concern-

Our Freshmen were privileged to hear Ken Freeman speak here at Lake View High School. He had the total attention of our 330 students for 40 minutes! He connected with them through laughter and then told the story of his rough upbringing. I have heard several teachers comment that the kids talked about the assembly for a time after it. Many made it a point to go to Ken's evening assembly at a local church.

The students truly understood that one choice can make all of the difference. Doing what's right can change your life, even when you think you have no 'life' because of your circumstances.

We would be more than happy to have Ken back anytime!

Sincerely,

Allison Tonne
